Dear Sir

I have this moment 9 o'clock P.M. withdrawn in company with Dr Rane and Morgan from a meeting of the late faculty, held in the College this evening. After we organized (Dr Leppin in the chair) a proposition was made to renominate the entire late Faculty, which was lost, voting by ballot: 3 to 5. It was then agreed to ballot for each chair separately. The former occupants of the following chairs, were unanimously renominated viz. Institutes & Practice (Atg) Materia medica (Lippe) Midwifery (Guernsey) Pathology (Rane) Chemistry (Stephens) There was a difference in respect to the chair of Surgery 4 votes for Dr Morgan and 3 for Foote, who did not vote; the chair of Physiology 4 votes for Dr Keung n Martin and 3 for Frost, who did not vote; the chair of Anatomy 4 votes for Dr R Koch, 2 for a certain Arrow Smith and 2! for Morgan who had thus after all six members in his favor. After this I moved, according to Your proposition, to sign several papers recommending candidates for each chair, affixing our signatures according to our individual preferences.

I commenced to do so; Dr Kane added his name —
but Dr Guernsey declared, this would make us the mere
servants of the Trustees and he wished he had his money back.
Dr Lippe cried out: the College is gone, gone, gone!
in one year we would all be Ecclesiastics &c.

Of course there is no such fear in my mind; You know
my opinion! I will stay with the College until it is gone
and I hope Dr Lippe will do the same

I trust that your influence with him will be such
as to secure his cooperation with the only
faculty of which I can consent to be a member

Yours truly

March 13th 1867.

My dear Sir:

I have been honored by the receipt of your Valuedictory address to the Students and others of the Homeopathic Medical College; and also of your accompanying note, in which you propose to nominate me as one of the Trustees of the College -

I am so ignorant of Pathology that I classify it among the Arts and not the Sciences; and so unfavorably do I consider the principles of Allopathy, that I would advise the application of the new inscription of the "Anti-inoculation Society" to the cleansing of the boilers of the human system from the corrosive effects of the ~~long~~ destroying drugs. I greatly prefer the practice of Homeopathy, as I have witnessed its effects upon the diseases of my children, and will continue to observe of its administration until dissuaded of its usefulness.

My dear Sir,
I have the pleasure to acknowledge the receipt of your letter of the 10th inst. in relation to the purchase of a lot of land in the city of St. Louis, Mo. I have the honor to inform you that the same has been purchased and the title is now in my hands. I have also the pleasure to inform you that the same has been sold to you for the sum of \$100.00. I have the honor to enclose herewith a copy of the deed of purchase and a copy of the deed of sale. I have the honor to remain, Sir, your obedient servant,
James M. Smith

Still I am too ignorant of the
therapeutic philosophy of your School
to assume a Trusteeship and I
must therefore beg leave to decline
the honor.

With great regard

My dear Uncle Rod

I was sorry to hear that you had gone on to New Bedford & still more sorry that Nenie had gone with you tell her Mother is rather inclined to think it very wrong her going. Hope you did not have occasion to use the ax! Aunt Sarah & Father came upon Monday. The sleighing is splendid ~~for~~ the thermometer has been below zero each morning since last Friday.

I am so very glad we are to have you & Nenie to be with us when we take possession of W. Edgwood. Father has returned very full of all kinds of plans

We have determined not to
fall into the ways of the
Wilmer but to drive every where
To Princeton & Chetnut Hill
& to town are to be constant
drives taken as often as we
go now to Williamsport &
of course you will be kept
constantly on the go at least
untill I get fixed at school
in the fall

But I have been so full of
the place that I forgot to
thank you for the gloves which
will be most excellent for all
my driving when the thermometer
is in the neighborhood of zero.

When we get together down at
— what a household we
will be with our 3 pairs of
hands covered with seal skin
and 3 heads covered with the
same. Mother is perfectly

delighted at the idea of being able to have
some kind of place for flowers. How soon
will you be on from New Bedford remem-
ber when you get down near the city you are a
fixture & we can not hear of your constantly
being in N.B. I feel like a thing of perpetual
motion being hardly able to compose myself to
sleep for the idea of this move which although
I thought was certainly never to be made although
we each of us wished ^{for} it so much.

Tell Venie Fatty Rawle came ^{in from Eric} some days before
Father went down to the city & as yet she has
not found time to stop in to see us although she has

twice been down the road I must now
close with very much love to Ben
& yourself I remain

I am sorry the offer was not for 40 in stead of 30.

It is fully worth 40 no matter what Gummey & Sons say if they owned it they would want more for it.

I feel positive that with a little patients it will lease for a fair rent or sell for what it is really worth it is hard to wait but it cannot be helped. Hoping you are well. I am

New Haven June 17th 1860

Dr. Tierney

Dear Sir

Your yesterday
inviting me to attend a Faculties
meeting at Dr. Boonings this afternoon
was received. Owing to a relapse
which came on after midnight
I am not only unable to do so but
unable to write and have to dis-
tate to my brother.

The difficulty mentioned in
your note I am prepared to meet
by positively refusing to serve
in the Faculty with Dr. Markey for
the following reasons.

1. In his letter to Mr. Keene declining
the position of Prof. of Anatomy
to which he had been elected by
the Board of Trustees he charges my-
self with other members of the

Faculty with conspiring to prevent
him and securing my own election
to the chair of Surgery.

2. In the same letter he accuses
me of utter unfitness for the
position to which I have been elected
and affirms that my course of
lectures on Anatomy last
winter was a complete failure.

3. The spirit manifested by Dr.
Starkey in the same letter
towards Drs. Lippé and Frost
proves conclusively that a Faculty
composed of its present members
and Dr. Starkey could not be
harmonious.

The contemptible
littleness of the man as shown
by his going about retailing his
grievances and collecting and
giving home to whatever evil
reports he could hear of members
of the Faculty with the evident

intention either of lessening
their influence and thus re-
acting to the disadvantage of the
College or else compel the Board
of Trustees to reconsider their
action and elect him Prof.
of Surgery is alone sufficient
to prevent my having any
connection with Dr. Starkey
in an official position.

If Dr. Starkey had accepted the
position to which he was elected
as a man without endeavoring
to detract from the reputation of
others I could have worked with
him heartily but since he has
acted so meanly I am determined
to have nothing to do with the
College if he has any connection
whatever therewith.

This is my deliberate and ma-
tured decision from which there
shall be no retraction.

You are at liberty to make
such use of this letter as you
see proper.

Yours truly,
Daisy Wilson

In consequence of disease contracted
in performing my duties as Professor in
the Homoeopathic College in 1864-65 it has been
my misfortune to have been disabled to perform
all the duties of my present chair during
the last term and while my best wishes for
the welfare of the College remain as strong as
ever I think best to resign my present
chair in the Institution and remain ever

My reasons for asking them to accept
Dr. G. R. Starkey's resignation.

After such an unrelenting attack, like that
of Dr. G. R. Starkey in his resignation upon
Dr. J. H. P. Frost, a newly chosen member
of the faculty, it is an utter impossibility,
that the faculty could go on harmoniously,
if Dr. Starkey should be elected a member,

My dear Bro

I received your letter
but I have been sick for a
week or I should have answered
it. I had a bad cold & cough so
that I was in bed for several
days but feel pretty well again
& shall go out as soon as the
weather is pleasant. At present
it is snowing hard & looks
as if we might have some
good sleighing.

You ask what I think about
selling Duncom as a part
I should like to see half of
mine & so not to have so much
in one thing, if Mr J R sells
now he must take from the
estate & of course to the equality

from all he says he'll just
pay & say he has sold
his share, but then it will
have to be divided before.
Long & I suppose as soon as it
is he will then sell his &
we shall be in the same way
(that is the Fishers having the
control) & moving all our stock
so I think we had better
sell at 300¢ or rather there
not for \$1000 with such a loss
soon so he can tell Long we
will all sell if all \$1000,
or at any rate, if we can.

If the Fishers own nearly all
of course they will try to make
as much money out of it as
they can & we shall get our
share for all that want
salaries as then except Long
so it's not much much difference.
If you can make Long pay a

little more do as but if
he has been offered M R
at that - he will wait until
it is divided & then his so
don't know the sale for we
shall be very badly off to keep
all our stock & M R sell
his.

Why don't you & Phemie
come on this winter while we
are in town you might just
as well. I should be glad
to have you stay here, & we
have Jenny back so you could
have her to drive. We come
on far we see so little of you in
the summer.

M R is trying to have the
sent-taking up, I hope he can't
Itson thinks it doubtful.

I received the gloves Phemie
sent them an all right.

Last week there was a shipping

party out to them of the young
people Belle & Willie went
if looked very much like rain
when they started it was a regular
thaw but they went - & it froze
in the evening so they stayed
all night - & sent in for
bagons & did not get home
until the next afternoon

Willie I believe was one of the
principal ones Mr P said to
him if they would like to go
out he would have the horse
harnessed & ready but Mrs Punt
not in the morning.

Tom has got home I have
not seen him.

The children are pretty well
now Gay & Charley went out to
the farm yesterday the Charley wanted
to fish through the ice he caught
5 large Pickeral.

Write with the Phen soon give her
my love & you must come on.

Dear Morgan

I have just heard from
Mr Welmer that the arrange-
ment, is made with his Cousin
on the terms, I proposed, and
we will to all appearance soon
become residents of the City -
Mary is glad in looking forward
to the change, but the first
~~thought~~ is, how pleased Nannie
would have been, to have seen
her wishes realized. Cole, whom
his mother gave credit for great
local attachment, is most be-
side himself with pleasure.

I want at once to thank you
for the kind interest you take
in all that concerns us, and
to ask you, henceforth always to con-

in the house
Sister a room for yourself and Phoebe
as your own ~~to the house~~ You
and I. Certainly. now I know each
other well enough to feel that
scarcely any supposable ^{thing} could
occur to alter or weaken our
feelings of kindred and esteem.
Pole has the greatest love and
regard for you. "His sisters
by being together could mutu-
ally comfort and assist each
other. Their intercourse would
sooner alleviate the sorrow
that now weighs on them both.
If you wish it there is plenty
of room for you to keep a horse
and your own farming operation
can be as well attended to as
if you were on the spot. I
can see nothing but mutual
comfort, convenience and pleas-
ure will grow out of this joint
occupancy, and trust, you will

See it in the same light. I am sure my sister

Dear Dad

I sent by Express
a few days ago - 2
baskets of Berkeleys re.
from Vantucket - and
they were directed to you
at 122 - 124 Race St -

Now Phoenix ordered 3
baskets - But no more are
received yet - Now if
P has more orders
send them on - for the
man only makes them
"between wheels" - and there
is no knowing when
they can be had - Now
is the time for visitors to go
to Vantucket and Mr.
Gorger can't keep any
on hand - A word to the wise!

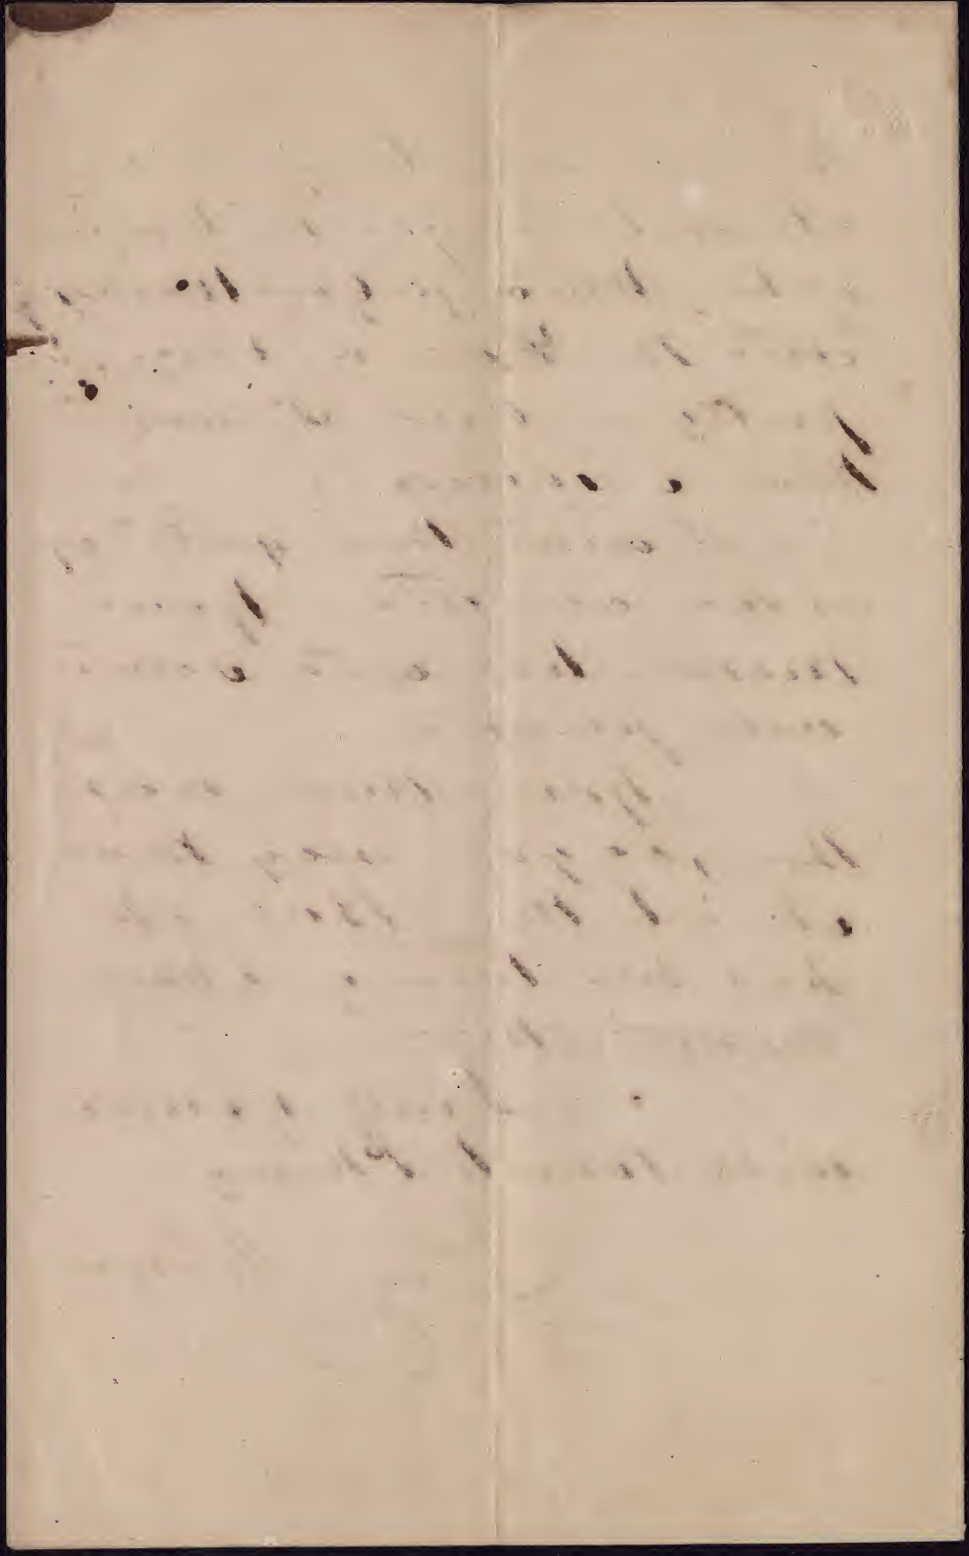

We are all busy eating
strawberries for the benefit
of the Union for Good Works,
and the Fair is very
pretty - and I should
think a success -

I dined there yesterday
as we all did - Your
mother too - and seemed
well pleased -

Your Aunt was
there, so you may think
she is better - But she
has her turns of short
breath still -

Truly yours
with love to Henry -

Sir,

Will you please call
a meeting of the Trustees
to take action in the
affairs of the College for
the next term. Among other
matters which may be
presented for consideration.
Consult with Mr Brock
and give your convenience.

I Enclose papers for
your perusal

Alfred Patten Esq:
Dear Sir.

Please find enclosed a letter from
W A R. Morgan. Will you be
good enough to lay it before the
Board of Trustees at an early date
and decide the matter. We are
desirous of sending out the Prospectus
at an early date but can not
do so till we have a full Faculty.
If Mr Morgan's proposition is
not acceptable under the present
financial state of the Corporation,
it will devolve on the Faculty
to propose some other person (if
such a person can be found) to
fill the vacancy. Dr Perival makes
a similar demand.

Yours very respectfully,
H. N. Sargent
Dean

They have not made
as near so strong
a case as I feared
they would -

Stick the liberty
of opening the books
before you left with
me - one new volume
a little I have or one of
them as evidence -

New Bedford Mar 2nd / 68.

I wrote you the other day,
since recd your tely, all Right. We
met yesterday as per adjournment
at Taunton have a very long &
tedious warn^{ing} of M^{rs} P. took the
whole day, and I feel that our
Case is now stronger than before
we have their line defence & have
settled several points of importance to us.
I do not consider that they have
shaken our position in the least but
have made it stronger if anything.
We drew out the agreement with R
& A. for the (Trustee Sale?) and
the matter of Services and the allowance
for the 2nd Shaw. I think beyond a
question. Sir Permett Law through is
all. and asked Mr R. some strong

question. He had his books in court &
we examined the transcripts and I think
proved conclusively our position. Had all
taken down in short hand at expense
of Estate. and shall get a copy as
soon as written out. which Mr. Rushman
states to me will take at least a
week. R. Counsel were excitedly taken
all aback in some instances and at the
adjournment were anxious to have a
long time pass before another meeting.
we of course objected and wanted it
to go on at once - after a long talk
the next meeting is fixed for the
3rd April here - when you had
better be on hand - I wish you
were here now for a short time
at least should like to have a
good talk with you -
They are going to call Mr. Robeson
Mr. Motley and perhaps others. wanted
to take Baker Norton deposition in
Pa. - I thought objected on various grounds

Such as they had had suffering this
already and they were parties to
the transacting ^{+ of course interested} &c and if they were
allowed by Court to take them & put
in as evidence we must have high
Cross Exam^{ts} &c. I B sustained objection
I don't think they will want them.
Between you & me now. they must ship
heavier guns than they have. they are
very much over matched. As I said
before I think our Case stronger now
than before - Should like to have
had you present much. I begin
to think they will not want to ask
you many questions. but keep posted
and get all information you can -
Judge Blumett took very copious notes
and I think understands the Case
pretty well - Judge Horn is a trump
and hard to beat. by the way -
he. Judge J is uncle to Judge Post.
I had the pleasure of dining with Mr
R Mr Hunt - Prescott Stone. & others at

the adjourn for dinner. very social little party, My candid opinion is that they are rather staggered by our points in the case - and want time for Consultation & - -

I don't think the judge will allow more than $\frac{1}{4}$ the amt ^{as} ^{under the Circumstances} Service - As sure as can be ^{under the Circumstances} the allowance for the 211 Shares will not be allowed and that the judge will rule from evidence that Rs 100 Shares come out of the Estates ^{other} part - (that is the 300, lost as the powers ^{they} prove) - & even if not ~~not~~ he had no right to purchase, it being an Exts Sale - no Trustee Sale being proved in any way - I thins go still further and says they (the so called Trustees) had no legal right to receive the price such Sale or act in the matter at all as their authority was not legal in any way - what I will explain when I see you - very strange they had not seen it before - they have been acting all along without legal authority. therefore under the Circumstances they could not constitutionally make a Trustee Sale in particular, of as we prove otherwise, that there was no Trustee Sale - let me hear from you soon love to Annie may say "be of good heart" hope she is better. Res & Chas. Well - hope Annie is better -
Yours &c G. H. H. & Co

I have relating to Dr Starkey - and
also include my minutes of the
last meeting of the Board -

When the Board adjourned
Mr Arthur took away with him
all the notes written to Dr Starkey
relating to Dr Frost. and on
Saturday I wrote to Mr Arthur
stating I should need these
notes to make up my minutes,
dates and names of writers - and
to hand to the Committee of

He said he had given them to Dr
Starkey, to whom I have written
this morning, asking him to return
me these notes, or hand them to the
Chairman of that Committee

JOHN W. FOSTER, Secretary

I have the honor to acknowledge the receipt of your letter of the 10th inst. and in reply to inform you that the same has been forwarded to the proper authorities for their consideration.

Very respectfully,

JOHN W. FOSTER, Secretary

Agreeably to previous written notice the Board
of Trustees of the Homoeopathic Medical College, met
at the place and time appointed. Present Messrs
Potts, Baldwin, Brock, Arthur, Thorne, Burnham
Madeira and the Secretary -

The minutes of the last meeting of the Board
were read, and on motion adopted -

On motion, a letter dated June 15, 1865,
addressed to the Secretary, from R. G. Starkey M.D.,
accepting the Professorship to which he had been
elected by the Board, and asking to withdraw
his letter dated June 2, 1865, addressed to the
Secretary, declining to accept the Professorship
and objecting to the election of J. H. P. Frost M.D.,

My dear Sir,

I have read your letter to Lippe & his reply and am prepared to act in the matter at you and Mr. Dwell's convenience - proposing a meeting between you and Co. and if possible and any day next week.

The Corporation note will I think meet the views of a majority of the Trustees - if the note cannot be negotiated at Bank we must fall back on ourselves with a temporary loan.

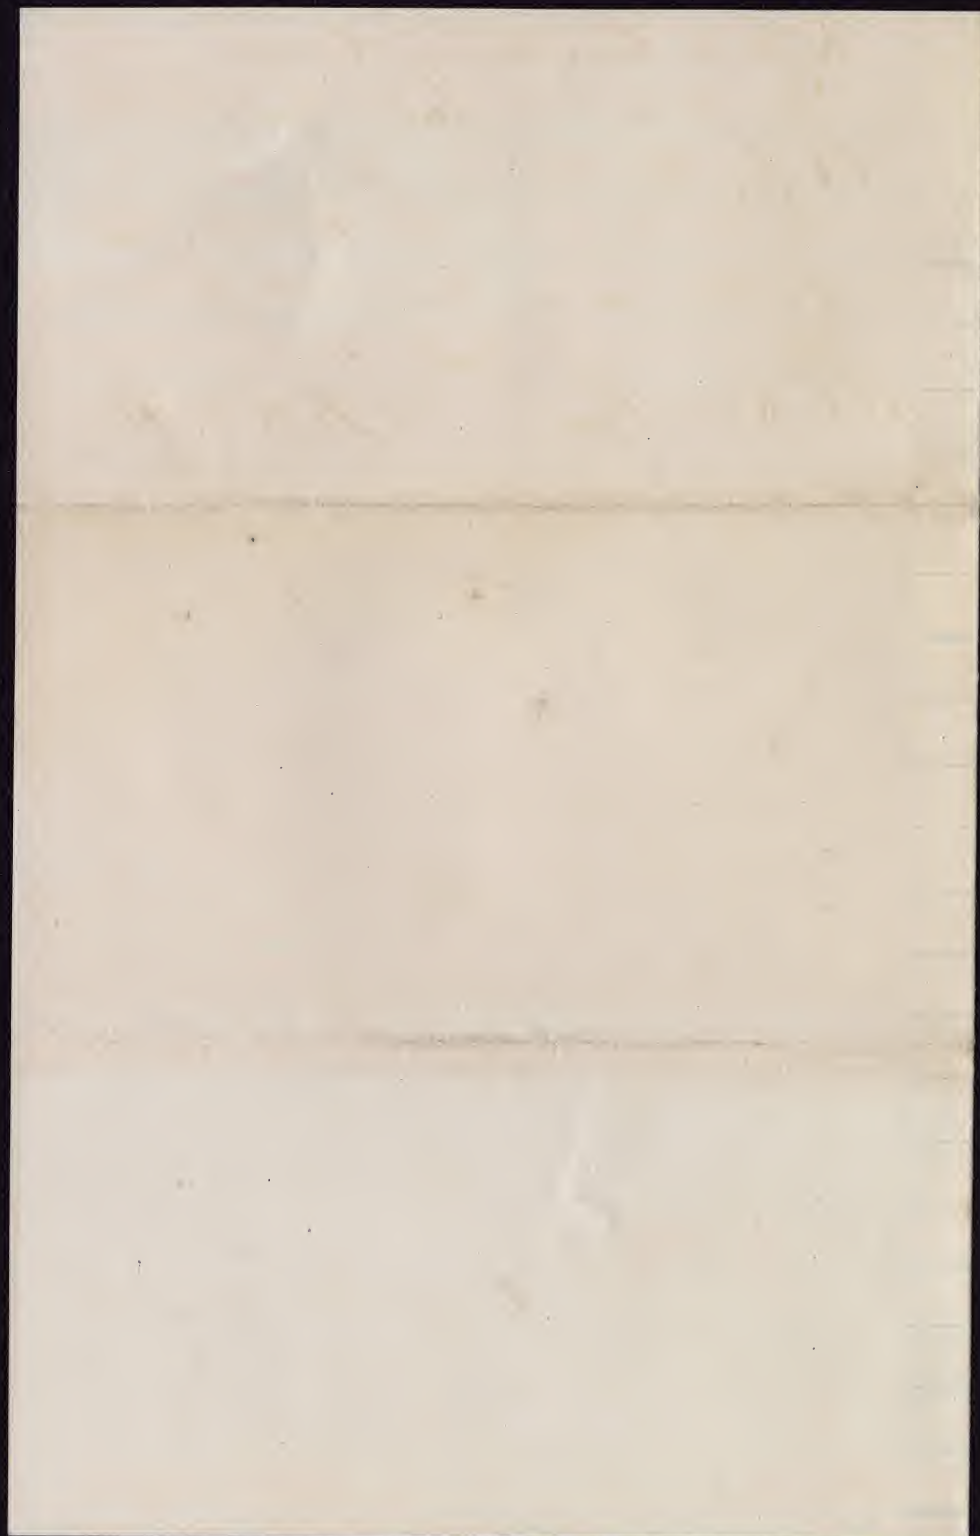

You may consult Mr. Dwell & fix the time for a meeting of the Board - I think Mr. Parker is in town at present.

Dear Sir:

I have learned, but not as Secretary of the Board of Trustees of the Homoeopathic Medical College of Pennsylvania, that there is some doubt as to your acceptance of the Professorship of the College, to which you were unanimously elected by the Board. And in order that I may as Secretary receive from you direct information, I beg to enclose herewith the printed list of the Professors of the College elected as stated therein by the Board.

The Board confidently hopes the College will continue to receive the aid of your valuable professional services.

Dr C. Hering

The true friends of Homoeopathy have delegated us to address you: and therefore take the liberty to lay before you data and hope you will in consideration of them adopt some of them by which a harmonious action of all the Hahnemannians can be secured and pending disaster be averted -

The Homoeopathic Medical College of Penna has been under the fostering care of the Hahnemannians for three years and the effects of the labors of the Institute are now felt everywhere and there is a great change for the better manifest. A united effort ^{of faithful adherents to our cause has effected these results} of a small band will secure to the same ^{and a united effort} cause a complete victory over its enemies and false friends. A discussion can bring but disaster, not only to the cause, but to the divided few who unitedly made themselves felt and feared. The great aim of the opposition has been to cause a discussion among the faithful few and they would glory for a time in accomplishing their ends - and they will and have used all means to carry into effect their design. One of the means proposed by them is the establishment of a rival College, and even if this chimera were practicable what ends would it serve. Can it be supposed for a moment that the Hahnemannians throughout this country will permit the destruction (as contemplated by designing men) of a school which has done such great service as has done the Hom. Med Coll. of Pa? The destruction would be called for had false doctrines been taught in it, or what is equivalent if there were a division of opinion of doctrine. Such is not the case - and therefore a division must have other causes and aims -

Dear Sir:-

Your communication of the 6th inst. informing me of the election to fill the Chair of Physiology, in the Homoeopathic Medical College of Pa., has been duly received; & I beg leave to remark that, upon hearing of the disagreement of the members of the late faculty, I made the proposition to your esteemed President, to take the Chair of Anatomy, only with the hope by so doing, harmony might be restored among them.

I regret exceedingly that this desired object cannot be thus accomplished.

The fact that an opposition organization has been brought into existence, in consequence of this unfortunate disagreement, we are all aware of. My interests & feelings are

entirely with our old institution; & permit me to say, that I am willing, at a moments notice, to again enter upon the duties of the professorship, (although at great personal disadvantage), provided, a reconciliation is made with this new institution; but I am not willing to become a party to either, while this opposition exists.

There may be a difference of opinion as to the propriety of contending with ^{this} organization; or of endeavoring to reconcile the differences of feeling, & of bringing about a union.

If the Board of Trustees think this course advisable, I may say, that I know it is not too late, notwithstanding the efforts already made, to do so.

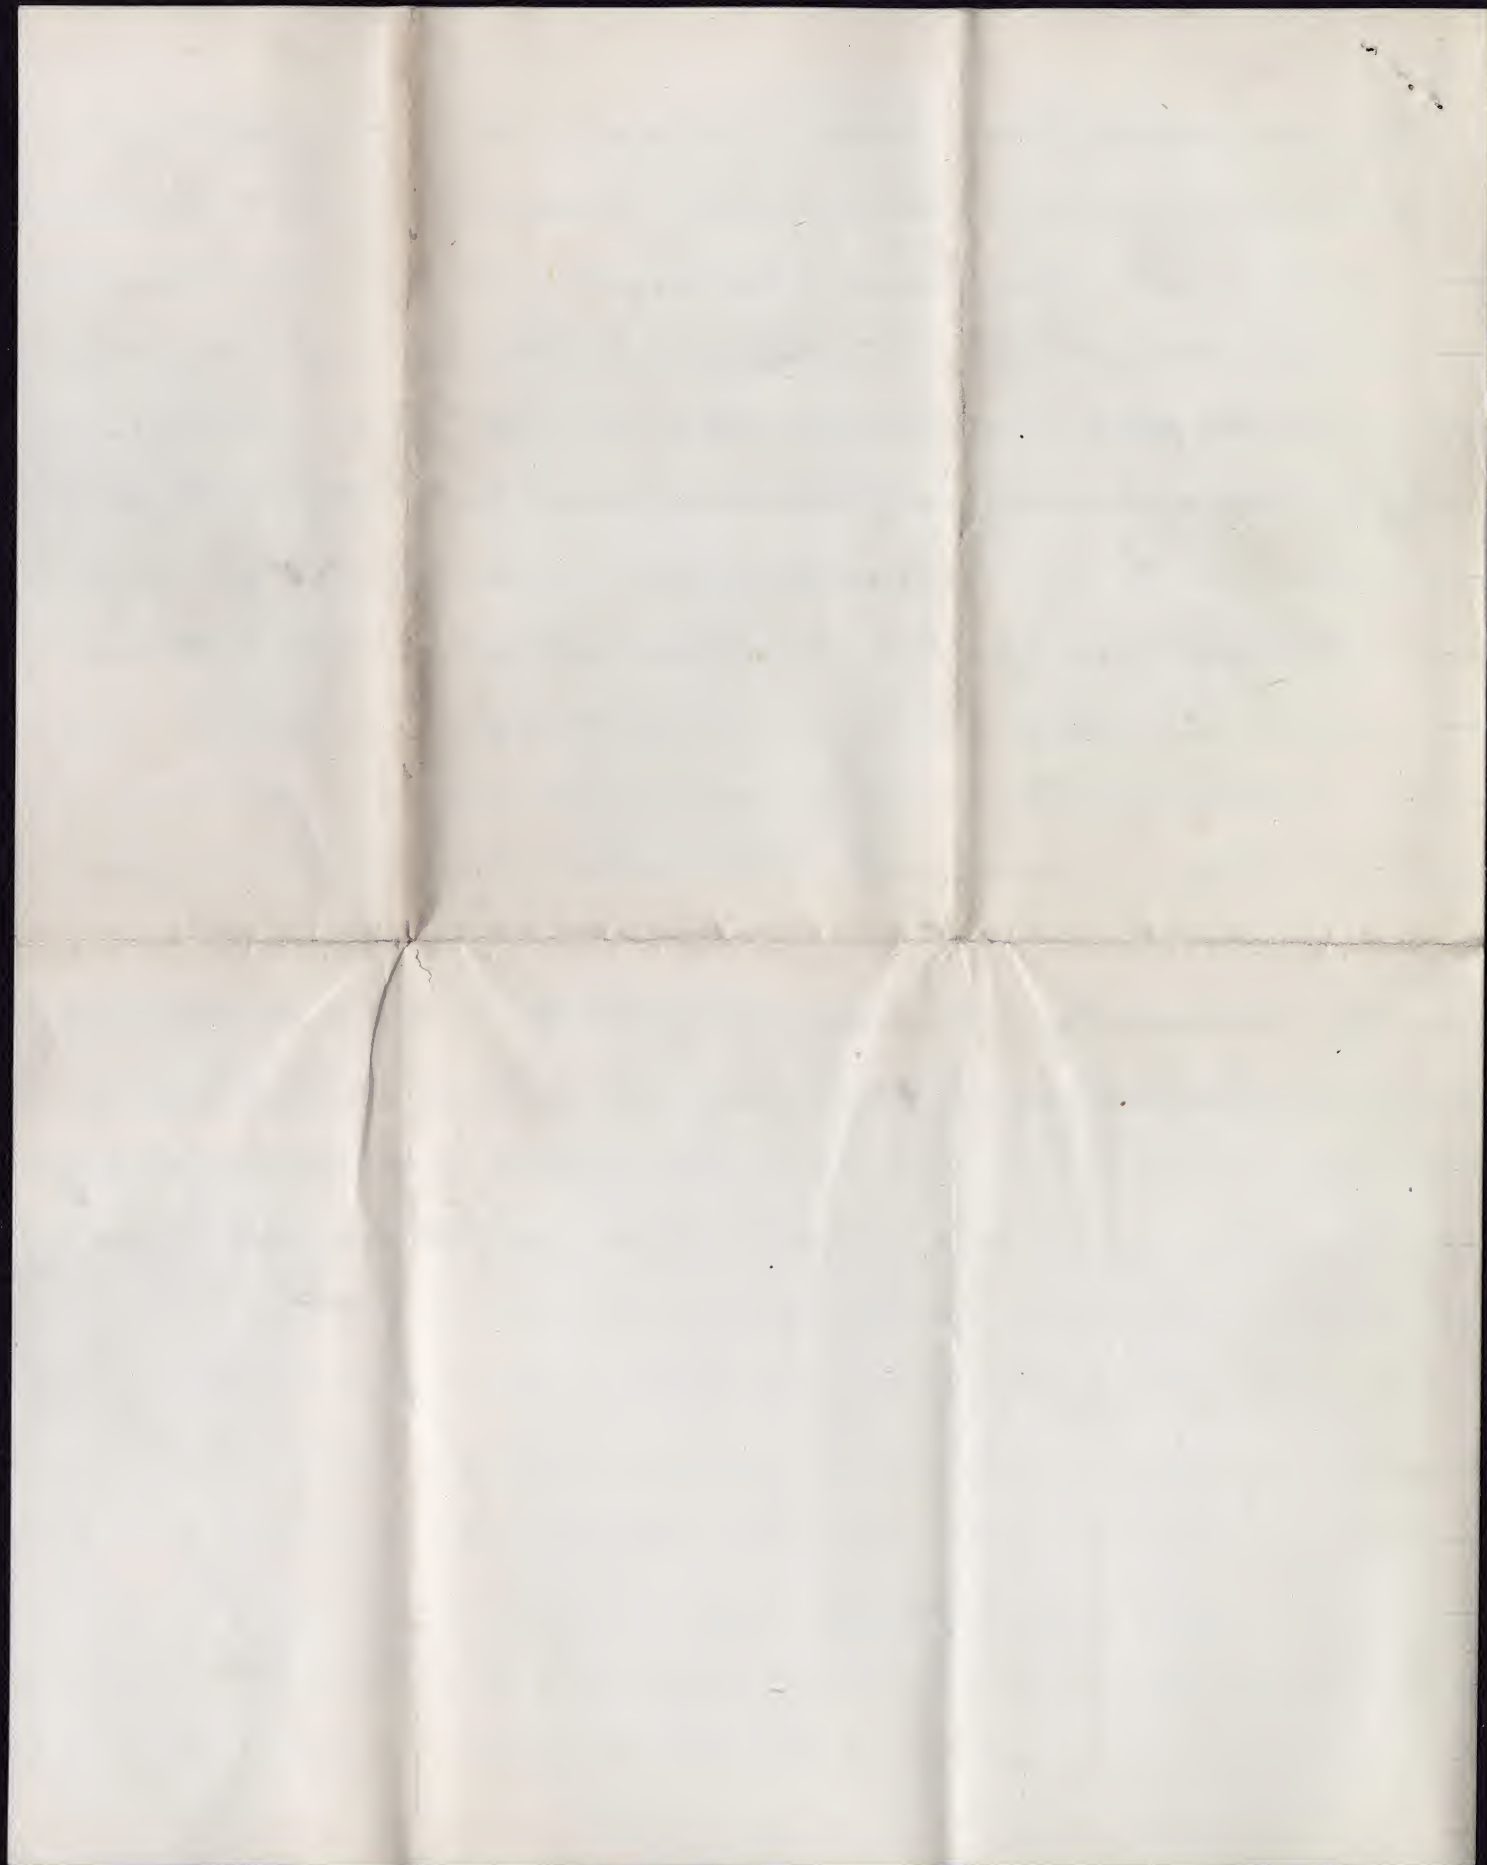

They as well as me, have the same common cause at heart; they as well as me, are mutually concerned in the existence & welfare of the Univ. Med. College of Pa.; and they

as well as one which the cause of
separation may be removed.

I do not believe that we can
further the cause of Homoeopathy, or
advance the interests of our College,
by division, contention or opposition.

Our interests, our cause and our
College will be strengthened by such
a union. And I pledge myself that
when this is done, I will be ready, if
then needed, to use my best efforts
to assist in sustaining the reputation,
already gained, of the Homoeopathic
Medical College of Pennsylvania.

Dear Sir,

I believe you will be much better, as far as health is concerned, in Rome, than you will soon be at Nice. The Mistral is either there already, or coming, and you are on the edge of a rheumatic attack, probably from the atmospheric state, which accompanies the existence of that Southern draw back. Go to Rome, where you can remain, until the middle or end of April, & then

go to Florence, unless a more
northern climate is practicable,
or being so, desirable.

Just now, use Graphites: of which

Dear Sir,

Your kind favor of the 14th, respecting the action of the Board of Trustees, is duly to day.

The Wm. Med. College of Penna. was by Allen Allen; and I consider the School entitled to my best services, in any way that may be desired, either in the Faculty or out of it. And I hope I may in future be better able to serve it, than before.

Unless providentially prevented, by personal illness, I shall certainly attend the Meetings of the Institute, and cooperate with my Senior Colleagues.

The Anniversary Meeting is now all settled, with the exception of O. Tenenring. I saw Mr. Potter this A. M., in respect to the subject; and am so happy this item also will be made perfectly safe & satisfactory to all concerned. —

Dear Sir,

The note I gave King & Baird for one half of the Balance due them from the Hahnemannian (\$264⁷⁰/₁₀₀) I had to take up on the 22^d inst: as King & Baird had the note discounted and felt disinclined to take it up themselves.

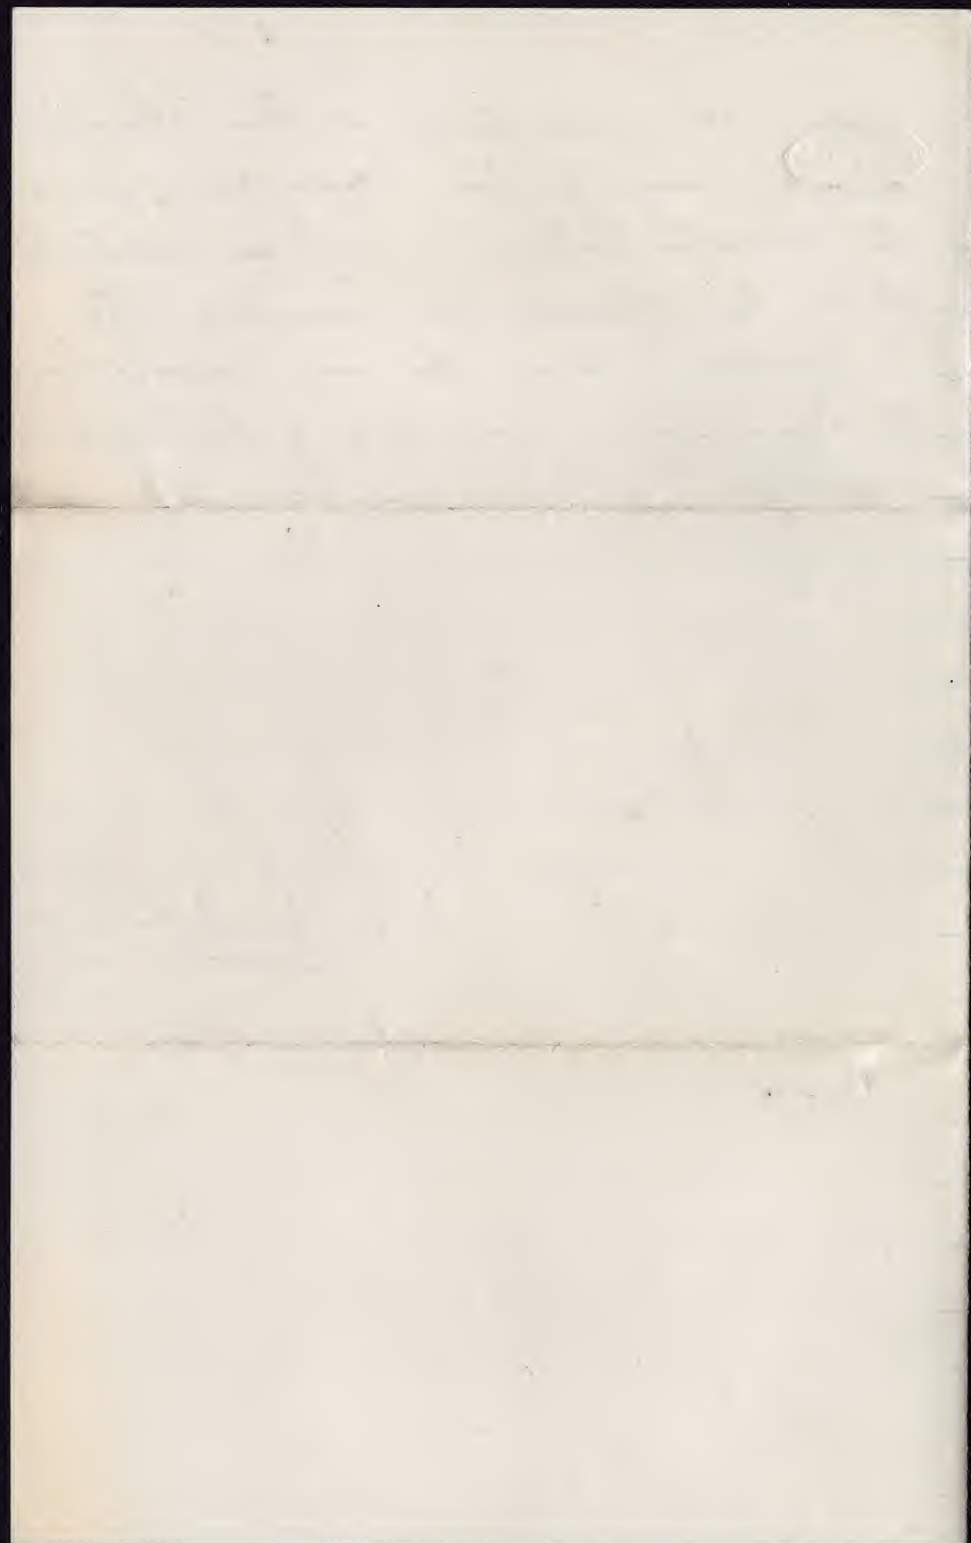

There is a lively correspondence going on between the Dean & Treasurer. The Dean feels himself highly irritated because the Treasurer should like to have "Items". The Dean also favored the President with "a Note" which Mr P answered — I guess we are doing no better for.

The application to appoint Dr Dalton in place of Dr Arrowsmith who resigned will shortly come up — although I know nothing of the action of the Faculty — The Enclosed Slip was sent me a few days ago.

and as I understand it this advertisement
caused his Expulsion from
the Elector College — I understood
that he should be invited to
"lecture" but do not expect him
to become a member of the Faculty.

American Institute of Homœopathy.

ANNUAL SESSION.

The Twentieth Session of the Institute will be held at the GALLERY OF FINE ARTS, Fifth Avenue, corner of Fourteenth Street, NEW YORK, commencing WEDNESDAY, June 5, 1867, at ten o'clock, A.M., and will continue three days. A preliminary meeting, to arrange the business of the Session, will be held at the same place, on Tuesday evening, June 4, at eight o'clock.

Reports will be made by the Bureaus of Materia Medica, Clinical Medicine, Obstetrics, Surgery, Organization and Statistics; and a report will be made on a *complete code of ethics*.

On Wednesday evening, the Annual Address will be delivered by N. F. Cooke, M.D., of Chicago, — H. B. Clarke, M.D., of New Bedford, Massachusetts, alternate.

Reports will be made by members on various scientific subjects; and it is earnestly desired that every member will contribute something of interest and value.

Members desiring to present any especial subject for the consideration of the Institute are requested to apprise the General Secretary, or the Chairman of the Committee of Arrangements, G. E. Belcher, M.D., New York, in order that the business of the meeting may be systematized as far as possible.

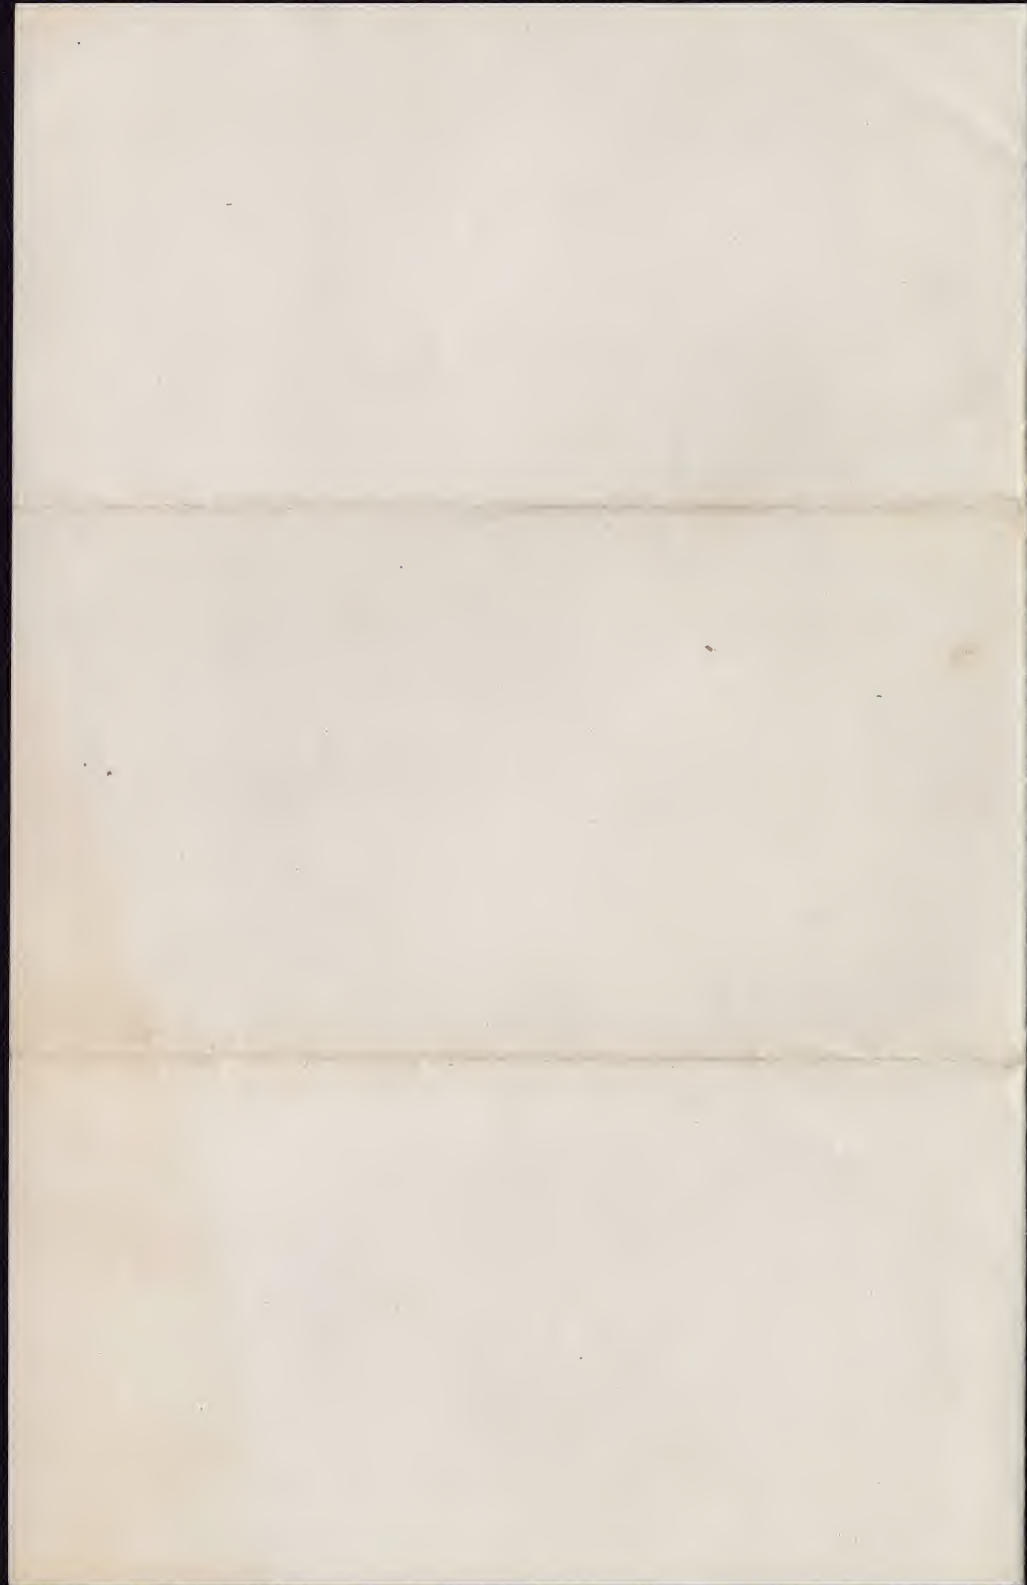

In accordance with the by-laws, all societies, colleges, hospitals, dispensaries, and other homœopathic institutions, are requested to send delegates to the Institute; and the Secretaries of the various associations are requested to inform the General Secretary, prior to the time of meeting, of the names and numbers of the delegates.

It is hoped that this plan will be fully carried out, and that every homœopathic institution in the United States will be represented, and a report given of its proceedings during the past year. Many subjects of great interest to the homœopathic profession of our country will be discussed and acted upon at this meeting, which will undoubtedly prove one of unusual importance.

My dear Dr.

Your communications have been received. I should suggest that you see Mr Potter and ask him to call a meeting of the Trustees. We desire N R Phelps. 2021 Clark Avenue St Louis Mo. to be duly appointed a 'Delegate' to represent our College - if appointed we must send him at least 200 announcements - 2 To consider our treasury - empty - propose to issue a Corporation note say for \$1000 to be offered at St. Louis Bank of Deposit (1st National Bank) 3 To call attention to the necessity to attend to repairs - leaking roofs - I think our School is in its last agony a few more successful labor pains and all will be right - we have to overcome a combination of rebellious aliens - that is the point. Yours truly A. L. L.

My dear Sir.

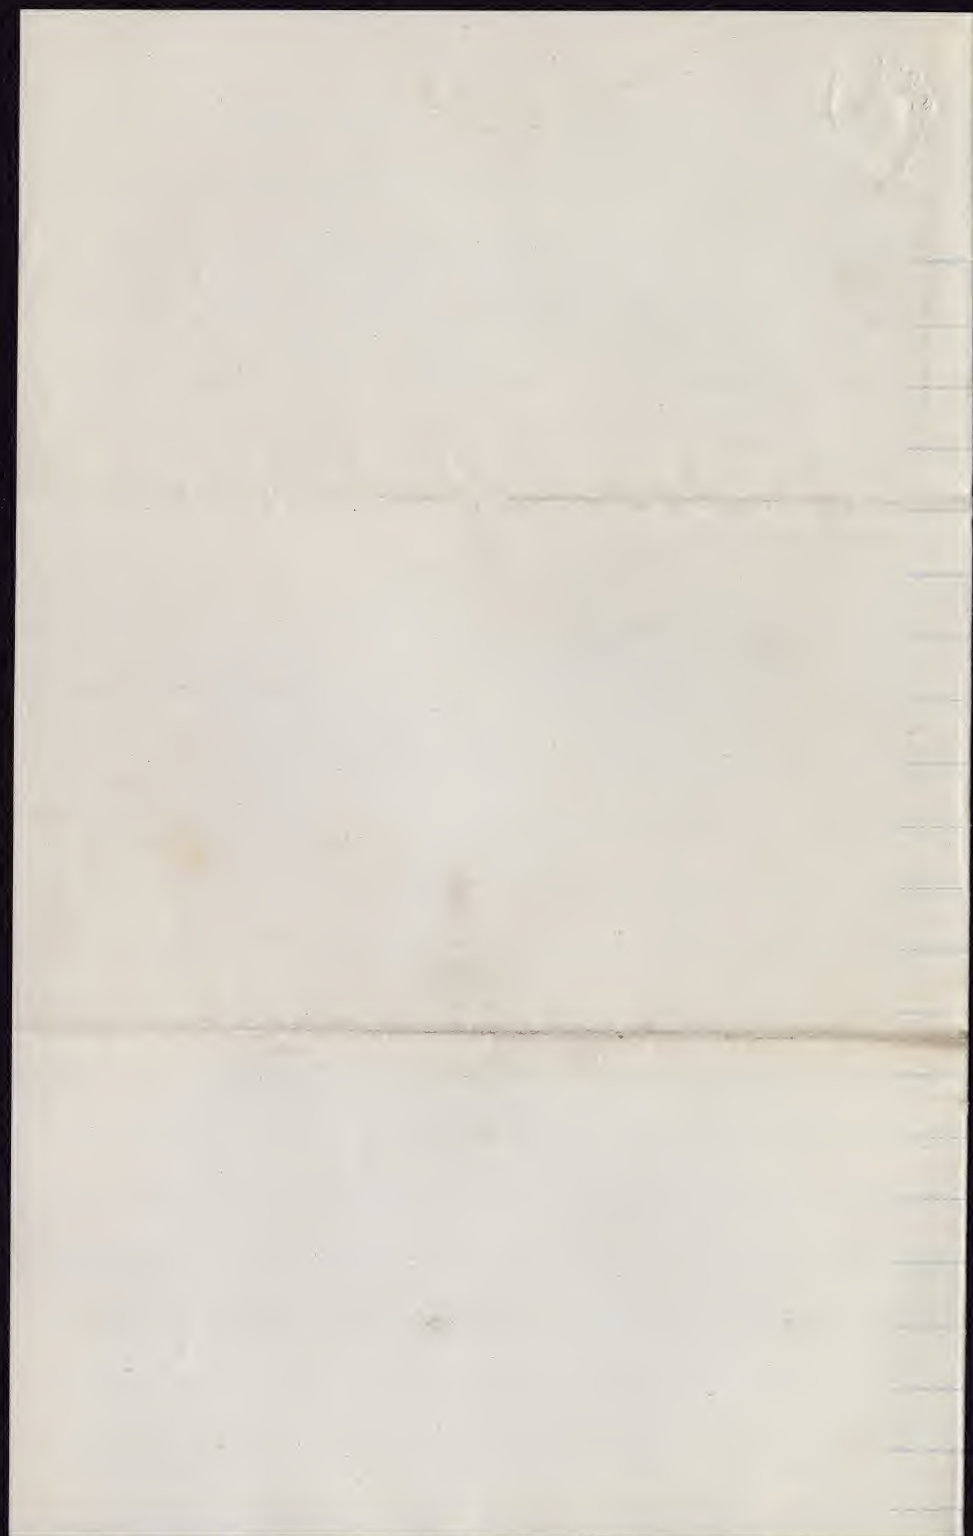

It affords me great pleasure
to herewith acknowledge the receipt of your commu-
nication in which I am informed that at a meeting
of the Board of Trustees of the Homoeopathic Medical
College of Pennsylvania, held Oct. 19th, I was
unanimously elected Professor of Anatomy, and
hoping that this action will receive my favorable
consideration.

I accept with pleasure the honor your
Board has thus conferred on me, and you can
say I shall do all in my power to further
the interests and uphold the dignity of
the College.

I am dear Sir

Very sincerely Yours,

To the Stockholders of
The Homoeopathic Medical College of
Pennsylvania.

Gentlemen:

I hereby enter my protest, in
my own name, and in the name of
the stockholders whom I represent as
proxy, against the voting of the shares
held by the Dean of the Faculty,
at this time or recently, in the in-
terest of the College Dispensary, in
accordance with any act or in-
struction of the Board of Trustees.
also against ~~this not voting at all, on this behalf~~ -
inasmuch as, ^{1st}, the Faculty, not the
Trustees, direct and control the af-
fairs of the Dispensary - and 2^d and
more than all else, such a course
enables or would enable said Board
of Trustees to perpetuate their
own tenure of office at will, provided
they secure the votes of a few addi-
tional ^{holders of} shares; 3^d, that some members

of said Board of Trustees, having never become owners of stock, are not qualified in any way to dictate as to the control of any part of the same, as to its use in voting for Trustees, even if this were not unjust and wrong, owing to the preceding reason.

I also protest against the partial verbal statement of the Secretary of the Board of Trustees being recorded as a "Report of the Board of Trustees."

Respectfully,

John C. Morgan, M.D.

Dear Sir

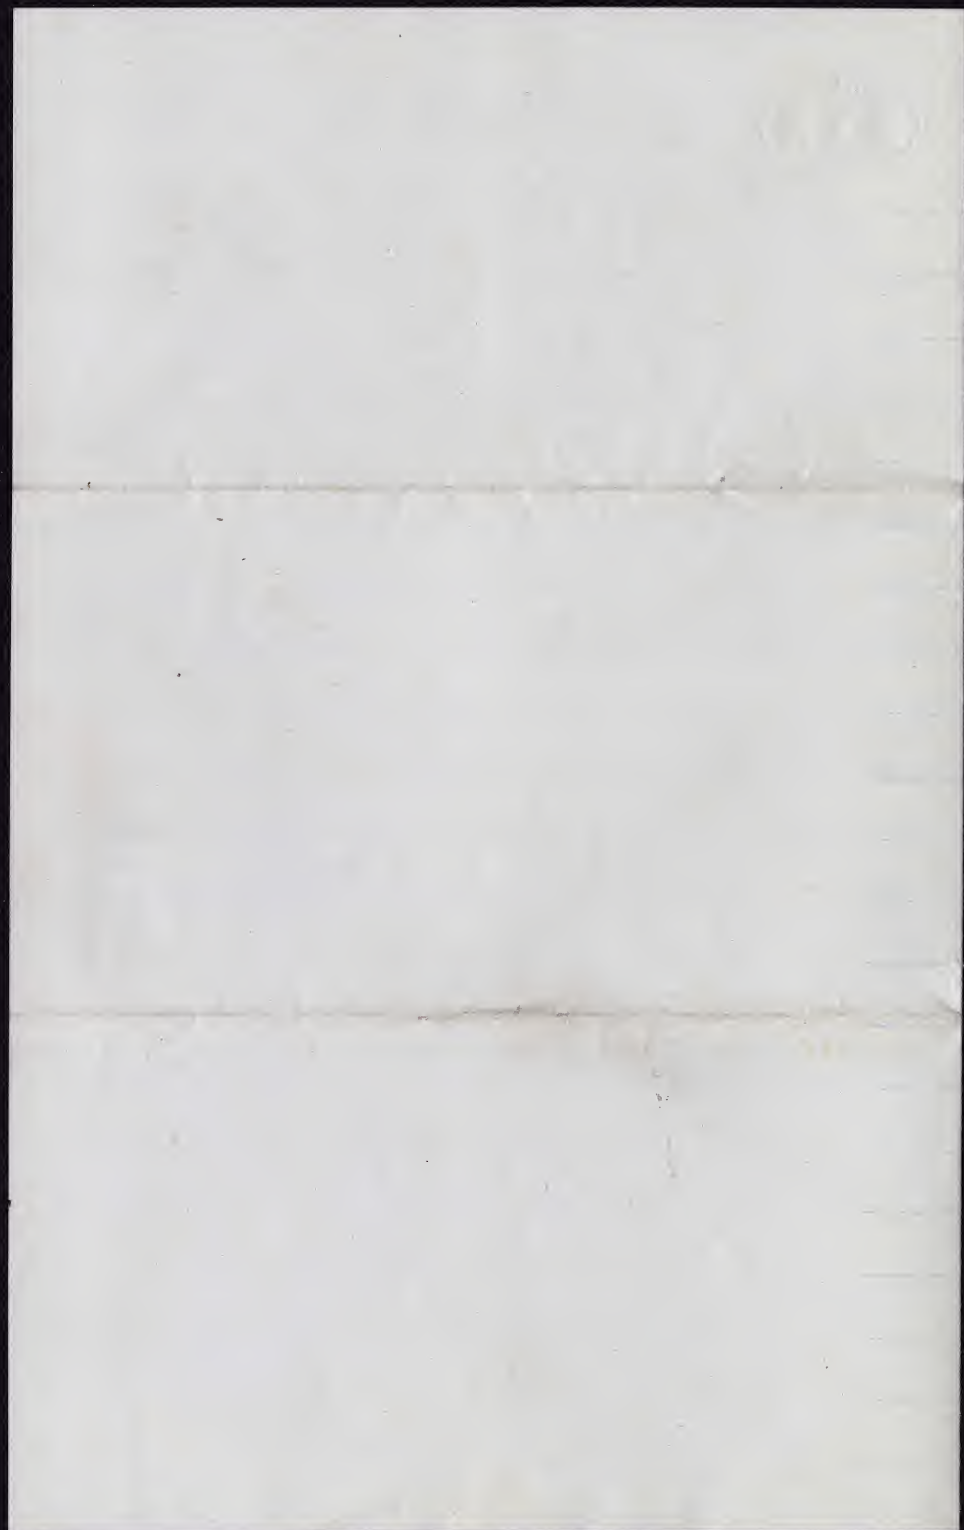

Being to declining health compelling a change of climate and occupation, I herewith resign the Chair of Surgery in said College.

This I do with many regrets particularly at this time when it would give me great pleasure to help forward the good work against the un-called for & infernal opposition bent to bear upon it at a time of its greatest prospective use.

With the best-wishes &
highest-hopes for the success
of the College I am Sir

"Philadelphia October 30. 1868

To The Board of Trustees of the Homoeopathic
Medical College of Pennsylvania

Gentlemen

At a meeting of the Faculty of the
Homoeopathic Medical College of Pennsylvania,
held this evening I was appointed a Committee
to lay before you the reasons for which the Faculty
is desirous you should rescind a resolution
passed by your Board on the 16th of June last
declaring it not to be right to pay out of the
funds of the Corporation any money for the
publication of any Journals, periodicals &c.

The Faculty ask you to rescind said resolution
because they consider the Hahnemannian Monthly

published by the Faculty of the College
an integral part of the Institution. The
School would be less known without it - it
would be out of the power of the Faculty to lay
before the medical Profession and the people
in general the principles taught in the School -
and further the School would be unable to defend
itself against misrepresentations published by
opposing elements in the Profession - and in
fact without such an organ the School
could not be sustained at all -

Very Respectfully
Yours

Ad Libbe"

The required quorum of members for attaining
or repealing ^{a resolution} ~~appears~~ not being present, no
action could be taken on the communication.

I have also been instructed by the Faculty to report that from observations, and reports coming to us from various quarters, we have reason to believe that the present tenant of the Hospital Building, in the rear of the College, has paid no rent - is destroying the furniture and other appurtenances of the Hospital: is

subletting the building and exacting rent therefor from his tenant, and that we have reason for believing that it is not his purpose to pay any rent while he continues in occupancy of the same.

All which is respectfully submitted on behalf of the Faculty.

The Faculty of the Homoeopathic Medical College
of Pennsylvania beg leave to report, that they have
organized on the 2^d inst: and have elected N Guernsey
Dean of said faculty by a unanimous vote, N Lippe
was elected President and N Frost Secretary.

The faculty have all accepted the nominations made
by the Trustees and acquiesce in and approve of the
formation of the faculty, with the exception of N Starky
who declined to accept his nomination if he was not
assured in advance that he would be elected Dean.
Failing in this he thereupon communicated to the Secretary
his refusal to accept the position assigned him and
in which ~~it~~ was thought he could best serve the cause.

The chair of Anatomy thereby becoming vacant the
faculty will take the liberty at an early date to recommend
to the Trustees a suitable person for that position.

This Agreement Witnesseth, THAT J. H. P. Frost acting
as Agent for the Homoeopathic Medical College of Pennsylvania
do hereby let unto Elizabeth Reggy of the city of Philadelphia,
Single woman, the double tenement situate on the South side
of Cuthbert St. above Eleventh St. in the said city, known as the
Homoeopathic Hospital, and belonging to the said College.
in the City of Philadelphia, for the term of One year from the Thirtieth day
of September Anno Domini 1866 at a yearly rent of Two hundred

Dollars, lawful money in five equal
payments of Forty Dollars each, the first of which
has been already paid & the receipt is hereby acknowledged, the 2nd
3^d, 4th & 5th Payments of which shall be made on the 1st of Nov^r, Dec^r,
Jan^y & Feb^r ensuing, respectively. the first payment thereof to be made on the
day of Anno Domini 18) which said rent the

said Lessee doth hereby agree to pay the said Lessor on the days and times aforesaid, and that
she shall not nor will assign this Lease, nor underlet the said premises or any part thereof, or
use or occupy the same other than as a Boarding House without the written consent of
the said Lessor first had and obtained, and shall and will, during the said term, keep, and at the
termination thereof deliver up the said premises in good order and repair, reasonable wear and tear,
and accidents by fire excepted. And in case the said premises shall be destroyed by fire, this Lease
and the terms and conditions thereof, shall thereupon cease and determine; but if said premises should
be partially destroyed by fire, the said rent shall cease only until the same are repaired, without
prejudice to this Lease; the said premises being hereby admitted by the said Lessee to be in good
order and repair: also that all gas to be used on the said premises during said term shall be paid for
by the said Lessee.

And the said Lessee agrees to furnish board, including
necessary lights & fuel to the Students of the Homoeopathic Med. Col. at a
rate not exceeding five dollars per week to be paid to her in advance.

And the said Lessee agrees to furnish for the use of the said Lessee during
the said term, all the furniture, utensils & bedding now in said building for Hospital uses
on condition that she keep & preserve the same carefully, & receive, board & lodge, free of expense
any and all surgical patients whom the said Lessor may wish to place in said Hospital building
during the present session of said College. The said Lessee to make an accurate inventory of all such

The said Lessee further agree that all goods on the said premises, and for thirty days after
removal, shall be liable to distress for rent, and hereby waives the benefit of all exemption laws in
relation thereto; it being hereby mutually agreed that if the said Lessee shall continue in the
occupancy of the said premises after the expiration of the said term, this Lease shall continue upon
the same terms and conditions as are herein contained, for a further period of one year, and so on
from year to year, until terminated by either party hereto giving to the other three months' notice for
removal previous to the expiration of the then current year. Also that if the said rent shall at any
time be in arrear and unpaid, or if the said Lessee shall underlet or otherwise use the said premises
than as above expressed, or shall fail to remove therefrom at the expiration of this Lease, as herein
above provided, or shall not well and truly perform and fulfil all and every the covenants and agree-
ments herein contained on her part to be performed and kept, then this Lease shall, at the option
of the said Lessor cease and absolutely determine; and any attorney may immediately thereafter,
as attorney for the said Lessee at the sole request of the said Lessor, sign an agreement for entering
in any competent court, an amicable action and Judgment in Ejectment (without any stay of Execution
or Appeal) against the said Lessee and all persons claiming under her for the recovery by the

articles furnished by the said Lessee to be returned to her or their full value
upon the expiration or discontinuation of this lease

said Lessor of possession of the hereby demised premises, without any liability on the part of the said Attorney, for which this shall be a sufficient warrant; and the said Lessee hereby release to the said Lessor all errors and defects whatsoever in entering such action or judgment, or in any proceeding thereon, or concerning the same; and hereby agree that no writ of error or objection or exception shall be made or taken thereto. No such determination of this Lease, nor taking or recovering possession of the premises, shall deprive the said Lessor of any action against the said Lessee for the rent or for damages. All covenants and agreements herein contained, or agreed to be kept and performed by either of the said parties hereto, shall extend to the Heirs, Executors, Administrators and Assigns of such party. **In witness whereof**, the said parties to these presents have hereunto set their respective hands and seals this _____ day of _____,
